

# Integrated Vigilance Program

An Exclusive Online Program from global experts.

## LEARN FROM GLOBAL EXPERTS.

Empower your knowledge base with Pharmscape. Registration is now open for an immersive learning journey led by industry experts.

[Go Learning!®](#)

## M1 - Foundations of Pharmacovigilance

### Introduction to Pharmacovigilance

History and Evolution

Classification and Scales (e.g., CIOMS, WHO)

### Surveillance Techniques in Pv

Spontaneous Reporting Systems (SRS)

Periodic Safety Update Reports (PSUR)

## M2 - Drug Informatics and Regulatory Pv

### Drug Informatics

Labeling and Packaging

MedRA and Coding systems

### Regulatory Pharmacovigilance

ICH guidelines (E2A, E2B, E2C, E2D)

CFR and CIOMS guidelines

### M3 - Quality Assurance and Pv in Industry

Quality Assurance in Pv

Pv in the Pharmaceutical Industry

Error management & Narrative Writing

Pv in the Pharmaceutical Industry

Audits and Inspections

Industry-specific challenges and solutions

### M4 - Specialized Vigilance Areas

AEFI (Adverse Events Following Immunization) Hemovigilance

Surveillance and Reporting

Blood product safety and Surveillance

Vaccine safety and Risk management

Transfusion-related adverse events

## M5 - Cosmetovigilance and Eco-Pharmacovigilance

### Cosmetovigilance

Cosmetic product safety and Surveillance

---

Regulatory requirements and Guidelines

---

### Eco-Pharmacovigilance

Environmental impact of Pharmaceuticals

---

Sustainable practices in Pv

---

## M6 - Integrated Multi-Vigilance and Future Directions

### Interconnections and Synergies

Overlapping areas and Collaborations

---

Best practices for Integrated Vigilance

---

### Future Directions and Innovations

Emerging trends and Technologies

---

Enhancing patient safety through Multi-Vigilance

---

PROGRAM DIRECTOR

Dr. Haroon Meeran Pharm.D.

## CONSULTANTS

Industry Experts from Pharmacovigilance, Materiovigilance and Global Drug Safety Professionals.

## PROGRAM COORDINATOR

Dr. M. Sudharsan Pharm.D.
